Carbonate (Como)
19/12/2022

Object: REACH Declaration according to art. 33 of European Regulation n. 1907/2006

REACH stands for Registration, Evaluation, Authorisation and Restriction of Chemicals. It is a regulation of the European Union entered into force on 1 June 2007.

REACH has been adopted to improve the protection of human health and the environment from the risks that can be posed by chemicals, establishing procedures for collecting and assessing information on the properties and hazards of substances.

For REACH regulation actors in the supply chain can have a number of roles; depending on the role comes different obligations.

Our products may contain:

SUBSTANCE	CAS N°	DATE OF INCLUSION
6,6'-di-tert-butyl-2,2'-methylenedi-p-cresol	119-47-1	17/01/2022
LEAD	7439-92-1	27/06/2018

According to our current state of knowledge our suppliers are all in compliance with the presence of Very High Concern (SVHC) and all of them constantly guarantee to us their conformity

This declaration is based on the information collected along the supply chain, and not supported by specific test report or specific lab. Analysis.

As established by Directive (EU) 2018/851, RPE has provided for the communication on the SCIP database of articles containing SVCH substances with a concentration above 0.1% weight by weight.

RPE declares that it constantly monitors the inclusion of new substances in the list <https://echa.europa.eu/candidate-list-table> which was last updated on 10/06/2022.

If you have further questions concerning REACH in our company please do not hesitate to contact us.

Best regards
